

I just want you to know how important the radio station K-Love is in my life. I often listen to it on the way to work and I believe it puts me in a much better frame of mind to start the day and to be able to contend with other aspects of my life. It informs me of free community events in my area. I can hear honest positive news that is sensitive to the public ears and sensitive to the fact that children are in hearing range. It is one of the few stations I can find that I can trust will not subject inappropriate language or topics on me. I believe there are alot of others beside myself that would be left without the hopes and positive affects that K-Love gives us. Please do not allow them to be displaced by an LPFM broadcaster! I think this would affect our community in a very negative way!

Respectively,
Deb Saar
